

# We recommend you upgrade your air cleaner today!

**Now, your air cleaner can remove even smaller particles with nearly two times greater efficiency.**

We can retrofit your existing Aprilaire or SpaceGard air cleaner to accommodate our new and improved filtering media.

It's an easy upgrade that will remove more dust mites. More pollen. More pet dander. Even particles you can't see, like smoke and viruses.

**The upgrade is so simple, we can do it today in a matter of minutes!**

*"Incredibly easy. My entire family suffers from allergies. I was very pleased (our air cleaner) was able to be upgraded."* - Russ K.

*"Why? Cleaner air for a longer time with no worries."* - Cormac S.

**Aprilaire tested, Homeowner accepted, Technician approved.**

**Aprilaire®**

Feel Good. Inside.™

# WHY UPGRADE?

*Everybody's home has polluted air. Even yours!*

*Advanced technology is now available in our patent pending filtering media*

- ▶ Nearly doubles the air cleaning efficiency of your existing Aprilaire or SpaceGard Air Cleaner.\*
- ▶ Decreases the amount of contaminants which can cause sinus irritation, allergic reactions and asthma attacks.
- ▶ Increases the life of your heating and cooling system.
- ▶ Helps your heating and cooling system save energy by running at peak efficiency.
- ▶ It's fast and simple.
- ▶ A one-time upgrade improves your air cleaner for a lifetime.

\*Increases removal efficiency at 1 micron particle size from 46% to 76%

## YOUR CURRENT FILTER VS NEW, UPGRADED FILTER
